How to grow children who are sexually pure

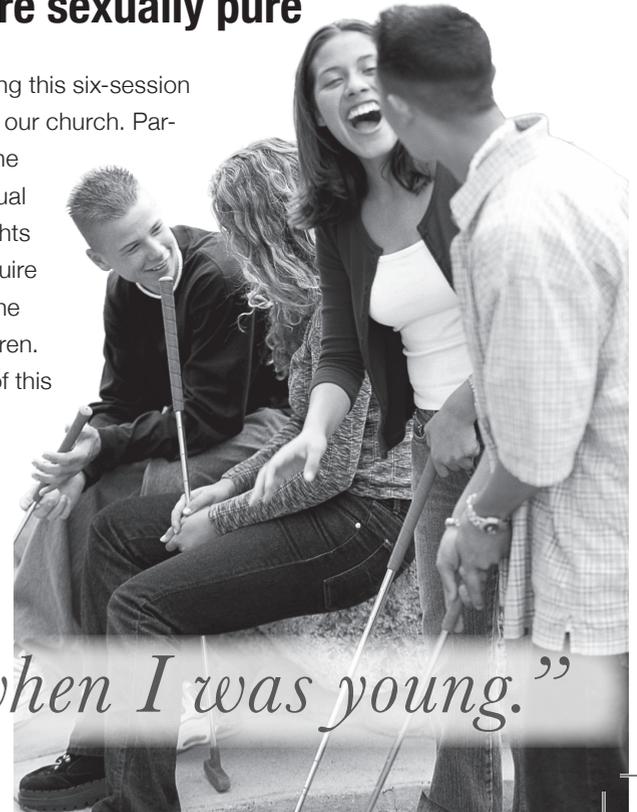

Think about what your parents taught you about sex and purity ... not much probably!

We have a generation of parents today who were not taught very much about sex and sexual purity and, therefore, do not feel comfortable or competent to teach their own children.

Many children desire to remain sexually pure and to preserve themselves for their future mate, but they just do not know how to accomplish that goal. **Created for Purity** has put together a powerful video training series and workbook designed to encourage and equip parents to teach their own children to successfully pursue those goals.

We will soon be offering this six-session course to parents here in our church. Participants will learn what the Scriptures say about sexual purity, gain valuable insights and information, and acquire helpful tools to assist in the task of training their children.

See the reverse side of this flier for details, mark your calendars and plan to join us for this important series.

“I wish I had been taught this when I was young.”
